Online Courses We Offer

MEX
Maintenance Software

INTRODUCTION TO MEX
2 DAY COURSE
A great beginner or refresher course! You will learn to navigate through MEX, capture information and carry out essential maintenance functions.

ADVANCED TRAINING
1 DAY COURSE
Explore, understand & build upon the features and modules of MEX that are not covered in the Introduction Course. Must have prior knowledge of MEX to attend this course.

REPORT WRITING
1 DAY COURSE
Discover how to create and modify your own reports. This will allow you to manage critical data specific to your business and effectively monitor the state of your operation.

STORES TRAINING
1 DAY COURSE
Work through all the features of the MEX inventory management module. You will specifically learn how to use; the Catalogue, Requisitions, Purchasing and much more.

REGIONS TRAINING
4 HOUR COURSE
Work through setting up multiple sites & ensure they run autonomously. Configure specific control files, assign regional users & test security as you go.

TRADESMAN TRAINING
4 HOUR COURSE
Perform the basic day-to-day tasks that would be required of a trades-level user. The course focuses on the Work Order process, allowing users to record their own work activity in MEX.

What do you need?

LOGIN DETAILS

Start by providing all your details so that we can organise all training resources and get you started on the right foot in the training portal.

RELIABLE INTERNET

First up will be an internet speed test to check that you have a suitable and reliable connection to participate in the course and access resources.

BROWSER & DEVICE

An automatic check of your browser and system specifications is performed to ensure training resources can be accessed & used.

TWO MONITORS

For a better training experience, we recommend using two monitors to maximise screen space, allowing you to view the manual & MEX.

CAMERA & MICROPHONE

To better connect with your MEX Trainer, a suitable webcam and microphone will need to be used so you can interact with them.

REQUEST MANUAL

An online version of the manual is available but if you require a hard copy of the training manual please provide your address, we are happy to post one out to you.
