# ***MEX Mobile Release Notes***

*(Build 1.11 Released 2021-08-19)*

## **BUG FIXES**

### ***General***

- Closing the app after logging out will no longer cause issues when trying to log back in.
- You can now navigate to the connection form from the login page in iOS and Android.

### ***Notifications***

- A Prestart user will no longer be able to click on a Work Order push notification and be navigated to that module.

### ***Languages***

- Changing the language in app will no longer cause issues.
